OCTOBER 9, 2011

VOLUME 5, NUMBER 5

"Through mighty signs and wonders, by the power of the Spirit of God; so that from Jerusalem, and round about unto Illyricum, I have fully preached the gospel of Christ".

Rom 15:19

News - Emanuel Center Fellowship

It has been a while that I have not written to you friends and partners and update you with recent from our ECF here in Kosova. It has really been a very busy, very much a busy summer for us here. But also very fruitful time in these past months.

Church meetings

Church meetings (Worship, Bible Study, Fellowship) have been going great though with a reduced number, and that was a result of the start of new house fellowship, and then we sent to of the main people to the school and then we have several students left to study in Capital City of Kosova (Prishtina). Though all these changes happened God has been good to us putting us in relationship and connection with new people that never have been in church or attended a church and we have started to testify to them and to fellowship and strengthen relationship with them.

And I thank God for his favor and grace that he has shown to us and we have continued with meetings faithfully and did not stopped even during the summer time. Though it was vacation, preparation and very busy summer.

Raising up leaders – Bible School, Education - Project

Finally Alida Dahsyla and Argolida Kela two of the girls are in the school getting their education, Alida Dahsyla in Oral Robert's University getting a degree, after finishing last year's School of Biblical Studies with YWAM and Argolida Kela is doing now school of Biblical Studies with YWAM in Montana.

It has been really a hard time and pressure to prepare 20-25 pages of documents for getting their visas and traveling in USA embassy in Macedonia 400 km return trip three and even four times just for one of them. Though it was worthy because they got visas and also they got their tickets thanks' to your responsive heart of prayer and giving towards this project.

English Courses - Project

I have worked this summer a lot to prepare and improve the curriculum of the English Course and thank God 10 days before we started the courses after a month vacation we was ready with curriculum, this year we have prepared also not just Course curriculum for students, but also for the children and we found materials that can be easy for them to learn and also in shorter time than before.

As you all know that we use the English Course as a means to make relationship with students and share the gospel of Christ with them, but also as means to touch and need in community

"Through mighty signs and wonders, by the power of the Spirit of God; so that from Jerusalem, and round about unto Illyricum, I have fully preached the gospel of Christ".

Rom 15:19

Bible Study

From the month of September we have started also a Bible Study two times a week with a small morning group which are about 5-8 people now. And we are planning to start also a similar small group in afternoon, reason why we are doing this because the youth that are in biggest percentage in our church go to school in turns depends on the grade or year where they are.

Me and my family

I though tired on working all around the house and church, and also with English Courses I feeling great and blessed a lot. My wife being a good helper, has been really helping a lot with raising up my two daughter's that are growing very fast. We have been helped a little bit financially also from the English Course Project, and time after time I have somebody bringing a computer to fix which gives me possibility of (modern tent making) so I can provide for my family without being a burden to the church, which by the income giving can't even garbage bill to cover.

It's really a joy and adventure for me to do the work of Lord, with faithfulness, though with also hardship's and pressure from all over.

What's next???

Continue with a work we are doing prayerfully and reach out to the youth and children in the English Courses, and continue to teach, preach, work.

Need your prayer's

I have been looking for the ways how to reach out also to the unknown families and make relationship here in Gjakova, and now recently I believe God laid a plan in my heart how I will do it. I have a car that I purchased that will bring about 1500 Euro's I am going to need to pray for 2200 Euros/3000\$ more so I can purchase a small pick up truck of the model Opel Combo 1998-2000 like in picture it holds two people and also behind is isolated good so I can leave tools and literature inside always, and includes registration, insurance etc, for one year in that price

And because in these cars in our country advertisement is allowed I will be putting a name of our Computer Service Provider and phone number there also be providing two days a week for the people in cheaper fees then shops computer service. And you people that know computer's just to format takes an almost full hour and even two sometimes, and that gives me a lot of opportunity to have coffee and get to know more and share my heart and share the gospel when openness seen. In the truck behind I can carry my tools, literature and also other things, because of the very low gas expenses in 4 liters in 100 km/ 60 miles I can use this vehicle also in traveling in different places instead of the one that I use now. This is one of the ways to do not just the work of the pastor, but also evangelist and church planter..

Media Ministry

As you are some of you informed we are using the internet to also share the gospel and recording the messages from services. I thank God for the opportunity of the very fast internet connection here that companies from this month are providing in very low cost and we have more opportunity to upload videos and testimonies on YouTube and other free space video providing websites.

Though we don't have yet church website in Albanian language, and we are just using a limited full of advertisement Wordpress blog that word press company provides for free. We want soon to set up a website where we have enough space to upload videos and podcasts and publish articles in Albanian and also will be 24/7 online. If we would have a hosting and domain paid we are able to set it up and also design it and will not cost as nothing.

Current Needs

✚ **Pick UP truck/Car**

Pray and see the way's how you can help raise **3000\$** additional needed to add and purchase the Pick Up so I can use it for the ministry that I mentioned it above.

✚ **English Courses Project**

Adopt a student for **20\$** a month and help to cover expenses for the books, pens, pencils, teaching etc. Our aim is 30 students for now.

✚ **Rent \$ Fuel**

Rent 500\$ monthly basis

If your church has a mission field and you are praying for Muslims and you want Muslims, If you would consider and pray to join ECF and become partners and reach out together.
