**For unto us a child is born,
unto us a son is given:
and the government
shall be upon his
shoulder: and his name
shall be called
Wonderful, Counsellor,
The mighty God,
The everlasting Father,
The Prince of Peace.
Isa 9:6**

TO: Friends and Partners and all those that pray for us.

Month of the November and December it has been really a fruitful months for the church here in Gjakova, though the weather was cold very much, it was storm a lightening time after time a rain and wind a lot especially in these past days, we had problems with electricity sometimes even we had 20 hours without it at all, sometimes reduced 4 without and 2 with electricity people kept coming and we missed no fellowship time, no Bible study time, and no prayer time.

Church meetings

Sunday meetings of fellowship was very interesting in these two months we have coming and going many new different people who visited a our meetings, out of curiosity to see what we do and how we pray and how we worship especially people from the neighborhood, it was great time of sharing the good news with them, we have been studying the letters of John verse by verse, and it was really a great time, we felt the presence of God and love of God and there was a lot of joy in discussions, and during the time of sharing the messages.

Education Projects

- **English Courses - Project**

We have been blessed to see the group of students being committed so much this year on learning English with the new curriculum that was gathered and prepared for them, it has raised the interest of the students more to come and register though in same time is challenging us. As you are informed and know we have put a goal to help 30 students who are poor and also who are orphans with books and materials and other things needed and we need your help in giving 20\$ for a student in monthly basis all the money is spend for the materials and other needs for teaching. If you consider to adopt one or two students or more please contact us in the email below: We will send you a picture with some information about the student and also we will appreciate so you pray for them because all the goal is not just to teach them English but also to make relationship and made known to them the love of Jesus and offering of Salvation.

- **Education of Alida and Argolida**

I have been in contact and informed that the studies are going great and they are enjoying the learning Alida in "Oral Robert University" and Argolida in YWAM Montana. And you friends made it possible that their dream come true, and I thank God for your sacrifice giving and obedience toward God. You have made possible long lasting life changing experience of these girls. What you are doing and you have done with your giving is you planted an eternal seed in these two girls lives.

"Through mighty signs and wonders, by the power of the Spirit of God; so that from Jerusalem, and round about unto Illyricum, I have fully preached the gospel of Christ".

Rom 15:19

Bible Study

We have enjoyed a time of Bible study in small groups two of them and we are doing that 3 times a week 1 hour long, and it has been my privilege to lead to Christ another girl this month, and walk the first steps of instructions for discipleship with her.

In Bible study we have been studying the book of Mark verse by verse and this week we are going to start an intensive study of of 36 lessons which we call ABC of the Bible. And I am looking forward to see the response with the new group and the old one.

Youth Meeting

The biggest challenge for me in this month and past month is to get all the youth in one time in the meeting, though every youth meeting is great time and wonderful time of learning and we are enjoying the fellowship of study and prayer, and conversation with one another, talking on different issues and challenges and problems that youth face in daily basis in their life's.

Me and my family

My commitments on the work with English Courses and the church with Bible study, Services, prayer times, Youth meeting. It takes a lot of time though I thank God for having a blessed helper in my side for more than 9 years, taking care of the kids, spending time with young girls from church and reaching out where I can't reach out, praying for problems and discussing things that I could not discuss. I feel so blessed. Coming with me in visiting the families that invite us. We have celebrated yesterday a 4 birthday of my younger daughter Sarah and it was a joy to see all those people come and organize that in the church and make a surprise for my wife and daughter.

We need your continues prayer for me and my family and your support for carrying out the work and ministry that we believe God has called us to do.

What's next???

Continue with projects and and stand open minded and be sensitive to the Holy Spirit for the new things for the New Year 2012.

Need your prayer's

As you have been informed from the last newsletter we have put on sale our car so we are waiting for right buyer and also right price for the car. I have been looking for the ways how to reach out also to the unknown families and make relationship here in Gjakova, and now recently I believe God laid a plan in my heart how I will do it. Our car will bring about 1500 Euro's income when we sell it. We need 2200 Euros/3000\$ more so I can purchase a small pick up truck of the model Opel Combo 1998-2000 like in picture it holds two people and also behind is isolated good so I can leave tools and literature inside always, and includes registration, insurance etc, for one year in that price

And because in these cars in our country advertisement is allowed I will be putting a name of our Computer Service Provider and phone number there also be providing two days a week for the people in cheaper fees then shops computer service. And you people that know computer's just to format takes an almost full hour and even two sometimes, and that gives me a lot of opportunity to have coffee and get to know more and share my heart and share the gospel when openness seen. In the truck behind I can carry my tools, literature and also other things, because of the very low gas expenses in 4 liters in 100 km/ 60 miles I can use this vehicle also in traveling in different places instead of the one that I use now. This is one of the ways to do not just the work of the pastor, but also evangelist and church planter..
